

Iowa US Navy Veterans Mesothelioma Advocate Urges the Family of a Navy Veteran with Mesothelioma in Iowa to Not Get Shortchanged on Compensation and To Call Attorney Erik Karst of Karst von Oiste for Better Results

DES MOINES, IOWA, USA, May 25, 2021

[/EINPresswire.com/](https://www.einpresswire.com/) -- The Iowa US Navy

Veterans Mesothelioma Advocate is appealing to wife or adult son-daughter of a Navy Veteran with recently diagnosed mesothelioma in Iowa to not play online lawyer roulette and to call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 for an explanation of how the financial compensation process works for this rare cancer as well as a no obligation estimate of what the Veteran's claim might be worth. Frequently a mesothelioma compensation settlement for a Navy Veteran might exceed a million dollars and the claim does not involve suing the navy. The average age for a person with mesothelioma in the United States is about 72 years old and in most instances their exposure to asbestos took place prior to 1982. www.karstvonoiste.com/

The Advocate says, "Mesothelioma compensation is based on how, where and when a person with this rare cancer was exposed to asbestos. For a Navy Veteran with mesothelioma in most instances their asbestos exposure occurred on a navy ship, submarine or at a navy shipyard where the Veteran's ship or submarine was undergoing repairs or a retrofit. If the person we have just described sounds like your husband or dad, and he has recently been diagnosed with mesothelioma anywhere in Iowa-please call attorney Erik Karst of the law firm of Karst von Oiste

anytime at 800-714-0303 to discuss financial compensation. Erik Karst of the law firm of Karst von Oiste is one of the nation's most skilled mesothelioma attorneys and he specializes in assisting Navy Veterans with this rare cancer that is caused by asbestos exposure."
