

# Cladding Solutions for Commercial Kitchens: Moisture Resistant Wall Panels from Interstate Plastics

*Interstate Plastics now offers UtiLite™, a rot, corrosion, and moisture-resistant decorative interlocking wall and ceiling panel.*

SACRAMENTO, CA, UNITED STATES, March 31, 2021 /EINPresswire.com/ -- Commercial kitchens are high traffic areas: the risk of spills, wall splatters, and general accidents involving liquids is ever-present, necessitating the use of wall panels that resist stains, rot, and corrosion. For complete coverage against moisture, rot, and corrosion, Interstate Plastics now offers UtiLite™, a completely moisture-resistant interlocking wall and ceiling solution that can also serve as a smooth, decorative kitchen wall panel.

UtiLite Ceiling Panels in a Laboratory.

“

UtiLite™ can be used anywhere that moisture-resistant panels are needed. They're attractive panels and maintain their high-quality look and feel, even when repeatedly cleaned with harsh chemicals.”

*Christopher Isar*

[UtiLite™ moisture-resistant wall panels](#), built around a polypropylene copolymer corrugated plastic core, are lightweight and durable. 100% moisture-resistant UtiLite™ panels do not rot or corrode, making them easy to clean with even the harshest cleaning solutions. These panels have tongue and groove edges that interlock for a smooth, near-seamless appearance when installed. They can be installed very quickly, either vertically or horizontally, directly to studs or substrate, making installation of UtiLite™ a simple process. UtiLite™ panels also reflect 92% of light to keep rooms brightly lit, critical for inspection processes and industrial kitchens. These cost-effective

interlocking wall tiles and panels are USDA and FDA compliant and have a Class A fire rating, a must for any commercial kitchen environment.

In addition to commercial kitchens, [UtiLite™ can be used anywhere that moisture resistant panels are needed](#), including for the walls and ceilings of car wash facilities, locker rooms, dairy facilities, food processing plants, medical exam rooms, and laboratories. UtiLite™ has been installed in veterinary clinics, pharmaceutical plants, marine facilities, grow rooms, and even clean rooms.

UtiLite™ is white with a smooth finish. To learn more about UtiLite™ interlocking wall panels and [other wall or ceiling cladding solutions](#) for kitchens or businesses, call the experts at Interstate Plastics at (888) 768-5759.

Interstate Plastics is a full-line distributor of plastic sheet, rod, tube, bar, film, and profiles, as well as plastic accessories, tools, and care products.
