

Optoma Announces Vizetto as Global Partner

Optoma's partnership with Vizetto marks another step for the brand in its efforts to change the landscape for education and corporate environments.

TORONTO, ON, CANADA, April 1, 2021 /EINPresswire.com/ -- Toronto, CANADA, April 1, 2021 – [Optoma](#), a world-leading manufacturer of large image display products, and [Vizetto Inc.](#), the company that is changing the way the world communicates, today announced a partnership to offer Vizetto's [Reactiv SUITE™](#) solutions on Optoma's Creative Touch 5-Series Interactive Flat Panels (IFPs). As a world-leading provider of remote and hybrid display solutions, Optoma's partnership with Vizetto marks another step for the brand in its efforts to change the landscape for education and corporate environments.

Reactiv SUITE is an eco-system of software products designed to make remote meetings memorable by transforming presentations into powerful storytelling moments. Its 'Digital Table' feature allows users to present any combination of content including pictures, decks, documents, videos or web sites. The software allows professionals to share content, have non-linear interactions with remote participants, fluidly pull up content and media, engage in discussions and visually markup documents. Through the platform's interactive features, individuals can creatively communicate their message and engage audiences as opposed to presenting static data and images using antiquated screensharing.

"Our Creative Touch 5-Series Interactive Flat Panels are built with intuitive features to provide flexible solutions for the corporate and education market segments. By partnering with Vizetto and incorporating the Reactiv SUITE software, we are able to offer an elevated engagement solution that drives significant value to our customers," said Simon Jonas, commercial category manager at Optoma Europe.

The Reactiv SUITE Windows-based software is a one year bundled solution on Optoma's Creative

The combination of Optoma's innovative hardware coupled with Reactiv SUITE will deliver a completely integrated solution that dramatically reduces Zoom fatigue to customers worldwide."

Av Utukuri, CEO and founder of Vizetto

Touch 5-Series Interactive Flat Panels, featuring 4K UHD resolution, anti-glare glass, fingerprint resistant panel, an incredible 178 degree wide-viewing angle and cTUVus Eye Comfort Certification for Low Blue Light and Flicker Free operation. The Creative Touch IFPs also come with precise dual-tip pens to instantly produce a quick and seamless experience that mimics a real whiteboard for easy annotation.

"The Optoma team is as dedicated as we are in providing solutions to increase engagement with customers, internal team members and suppliers using innovative new technologies like Reactiv SUITE," stated Av Utukuri, CEO

and founder of Vizetto. "The combination of Optoma's innovative hardware coupled with Reactiv SUITE will deliver a completely integrated solution that dramatically reduces Zoom fatigue to customers worldwide."

Key features of Reactiv SUITE:

- Reactiv™ STAGE – Present, visually markup, arrange and compare any documents effortlessly to get your message across.
- Reactiv™ SCRIBBLE – Allows presenters to write, illustrate, type and share complex layouts to convey ideas creatively and effectively.
