work is immaculate and everything she touches is a hit and wins awards. We are happy to call her our friend and we hope this song will prove to be a big blessing to all who listen."

The song was written by Timothy Buckman and Turi Aleta for Rae's soon to be released documentary *Courageous Warriors, Beauty from the Ashes*. *Girls Like Me* is performed by Turi who is a breast cancer survivor. Buckman also scored the documentary.

Girls Like Me empowers women to break stereotypes every day just by being themselves. As women, we are warriors who are valiant, courageous, and stronger together! This song and music video were inspired by the millions of women who battle every day. Whether it be through breast cancer, divorce, or just fighting the good fight daily to be an example to their daughters. As one of the song lyrics goes, "There is one of as far as the eye can see!"
