At Cosmetic and Implant Dentistry of CT, patients will find a new type of dental experience. “It’s a sophisticated combination of education, practice and technique that simplifies dentistry to just the treatment you need, and allows you to get back to your regular activities as quickly as possible,” says Dr. Gross. “Whether it’s receiving a crown in one day, having an implant, a dental emergency, or a

hygiene visit, we offer an unparalleled level of kindness, service and care.”

While maintaining the personal touch, however, the office also provides the ultimate in cutting-edge technology. Cosmetic & Implant Dentistry provides patients with the most advanced materials, techniques and equipment

available. Dr. Gross is known for finding and implementing the most technologically advanced services for his patients, which ultimately provides for a remarkable patient experience. “We offer all dental services for our pediatric to our geriatric patients, enabling families to be cared for their entire lives,” he says.

According to a host of satisfied patients, that level of care has not gone unnoticed.

“Dr. Gross and his staff have been nothing short of phenomenal,” says Linward D. “If you have any fears or anxiety, the welcoming feeling and experienced colleagues quickly dispel that and you walk out knowing that you’re glad you didn’t miss this appointment.”

Eileen H. agrees. “My appointment with Dr. Becker was excellent. She explained everything she was doing, and my comfort was her top priority. Dr. Gross and Dr. Becker are top notch. I always dreaded going to the dentist until I started coming to their practice.”
