

# This Advertising Agency Has Business Owners Raving

*AdStar Media is Bringing New Paying Customers To Local Businesses "Like Clockwork."*

DALLAS, TEXAS, UNITED STATES, April 9, 2021 /EINPresswire.com/ -- Advertising has become a whole new ballgame in the last few years, especially in 2020. This year, one [advertising agency](#) in particular is changing the way in which business owners attract new customers. [AdStar Media](#) out of Dallas, Texas has business owners raving about the company's ability to generate new paying customers for them consistently.

AdStar Media CEO, [Aleks Balac](#), says his goal is to be completely different from any other advertising agency. "A lot of agencies focus on branding, we focus on getting you customers" says Balac. AdStar Media prides themselves on "putting your products and services in front of the people who are already looking to buy them." With this approach, the company has been able to generate massive amounts of new clients and customers for their partners.

Advertising and marketing can fall into many categories but AdStar Media seems to focus on one method that works the best. The company has stated that one of their big visions is to help business owners stop "wasting money" on old methods of advertising such as billboards and phonebooks.

"You pay tens of thousands of dollars for a billboard and you can't even track how many people saw it or interacted with it, it's like putting your money into a slot machine and hoping for the best" says company CEO Aleks Balac. AdStar Media provides their clients and partners with an end of month report to show them exactly how many people clicked, visited, and even
