*TechnologyCatalogue.com has recently formalised the entry of a new investor, global accelerator-VC Rockstart.*

DELFT, ZUID-HOLLAND, NETHERLANDS, April 12, 2021 /EINPresswire.com/ -- [TechnologyCatalogue.com](https://www.technologycatalogue.com), fastest-growing global platform for technology solutions in the energy sector, has recently formalised the entry of a new investor, global accelerator-VC [Rockstart](https://www.rockstart.com).

TechnologyCatalogue.com is an innovation platform for the [energy transition](#). It connects end-users to technology suppliers and experts through global and market-specific platforms that serve as a 24/7 exhibition of available innovations for the energy sector. TechnologyCatalogue.com thereby provides data insights and matchmaking services to its customers, this way accelerating the uptake of technology.

The new investment provides an opportunity for the company to expand the platform exponentially by exploring new territories and introducing new features and functionalities.

TechnologyCatalogue.com welcomes Rockstart as new investor

TechnologyCatalogue.com is a one-stop shop for technological innovations in the global energy sector.

**rockstart.**

Rockstart is a global accelerator-VC that empowers purpose-driven founders across three domains: Energy, AgriFood and Emerging Technologies.

"We are pleased to welcome new investment from the global accelerator-venture capital Rockstart as this proves that they recognize the value we provide to our clients as well as the impact we bring to the global energy industry," TechnologyCatalogue.com Co-founder and Managing Partner Erik Nijveld said.

TechnologyCatalogue.com hosts over 600 technologies supporting the Energy Transition, spanning from carbon emission and waste reduction to energy efficiency, safety and digitalisation. Visitors can find a wide range of solutions involving unmanned aerial vehicles, Internet-of-Things, robotics and augmented reality, among others.

Nijveld added that the accelerator program associated with the Rockstart investment has exposed TechnologyCatalogue.com to new growth strategies and wider networks necessary to achieve sharper growth in the short- and medium-term.

"The industry-savvy founders of TechnologyCatalogue.com have gathered a talented young team to accelerate the uptake of innovations in the energy transition - exactly what Rockstart Energy aims to support and invest in!", Freerk Bisschop, Managing Partner Energy at Rockstart

Rockstart empowers purpose-driven founders on their way to success across three domains: AgriFood, Energy, and Emerging Technologies. Rockstart empowers early-stage startups starting with its proven accelerator program and continuing to co-invest in their next funding rounds until series B. In the last quarter of 2020, Rockstart has launched its 20M+ Energy venture capital fund, backed by institutional investors, European family offices, informal investors and the government. Through its Energy fund, Rockstart invests in seed-stage startups contributing to the energy transition.

TechnologyCatalogue.com supports the energy transition by providing a platform that bridges the gap between technology suppliers, end-users and experts, and facilitates technological innovations towards a more sustainable energy sector. Over the years, founders and partners of the company have facilitated more than 1,000 technology deployments for global and regional operators resulting in >\$1 billion of value added.
