On his channel, he will now launch a brand new guitar lessons series for children this time. He will film the videos at his house during quarantine. He will give free ukulele lessons for the children stuck at home.

ANIL UZUN says "When quarantine started I wanted to use the healing effect of music and started to give lessons on Youtube for the people who are interested in playing the guitar. That series got a lot of ratings and helped people in quarantine. So I thought maybe I could go on by giving bass guitar lessons for the ones who are into bass. Then there have been a lot of requests from parents to create content for their children." says ANIL UZUN.

He continues "Ukulele is the most underrated musical instrument in the industry. Ukulele looks cute, easy to play at first sight for those who do not play. It is also affordable and easy to carry around. Perfect for children. So here we are, I am starting a new series for the children!"
