

Lehigh Valley Dental Implants Available from Center Valley Dentists at Castle Dental

Dental implants in Center Valley help replace one or more missing teeth for a fuller, more natural smile.

CENTER VALLEY, PA, UNITED STATES, April 20, 2021 /EINPresswire.com/ -- Castle Dental in Center Valley is offering the [Lehigh Valley dental implants](#). With a success rate of over 90%, dental implants are the most popular missing tooth solution available.

CASTLE
DENTAL

Center Valley dentists at Castle Dental providing dental implants

Dental implants use a titanium screw to replace a missing tooth root. The bone heals around the screw and then a color-matched crown and abutment are affixed for a more natural finish. When properly cared for, dental implants can last as long as twenty years.

“

A new smile really can change your life.”

Dr. Matthew Lang

“Patients have nothing but positive things to say following their procedure,” says Dr. Matthew Lang of Castle Dental. “They’re more confident and they can eat their favorite

foods. A new smile really can change your life.”

Included in the cost of dental implants are x-rays, the titanium fixture, abutment, crown, and any supplemental procedures. During a consultation, Dr. Lang and his team of [Center Valley dentists](#) will help put a treatment and payment plan together.

“Our primary concern will always be our patients, their health, and their smile,” Dr. Lang adds.

Other services offered by Castle Dental include CEREC crowns, teeth whitening, gum augmentation, and general dentistry for every member of the family.
