

# DCH Auriga Embarks On Robotics Warehouse Operation With AC2 Group

*Deploying warehouse robots into the digital supply chain*

HONG KONG, HONG KONG, CHINA, April 20, 2021 /EINPresswire.com/ -- [DCH Auriga](#) today announced that it has successfully deployed warehouse robots into its digital supply chain. This project aimed to achieve greater efficiency and accuracy with a high degree of automation in DCH Auriga's digital supply chain to support business expansion.

"We have achieved another major milestone today. DCH Auriga has planned this strategic transformation carefully, the warehouse robots are now a part of our integrated supply chain and logistics solutions. It was particularly challenging to implement the project during the pandemic when travel was limited, but I'm pleased the team was able to think out of the box and move forward as scheduled. The project went live with no major disruption to our operations and the results have been well received by our partners. We are very excited about the new possibilities and appreciate the hard work of our internal team and partner, the [AC2 Group](#). The quality they produce is remarkable," said David Mouland, the Vice President of Operations at DCH Auriga.

"Significant effort has gone into ensuring the warehouse robots, i.e. automatic guided vehicles (AGV), integrate seamlessly with DCH Auriga's existing [warehouse management system](#) (WMS). The warehouse robots handle the execution of tasks while the WMS continues to manage business rules, operation strategies and inventory management. While gaining higher operation

DCH Auriga Embarks On Robotics Warehouse Operation With the AC2 Group

"Significant effort has gone into ensuring the warehouse robots, i.e. automatic guided vehicles (AGV), integrate seamlessly with DCH Auriga's existing [warehouse management system](#) (WMS). The warehouse robots handle the execution of tasks while the WMS continues to manage business rules, operation strategies and inventory management. While gaining higher operation

efficiency, the team has also implemented a design that has increased storage capacity. DCH Auriga has a strong and knowledgeable team and their vast experience in the healthcare business has been one of the key critical success factors to the success of this project," said YangUei Aw, Managing Partner of AC2 Group.
