It is committed to providing Resellers with customized business management solutions, programs, and processes that meet your unique business needs while enhancing your ability to solve your customers' diverse and complex requirements.

Recently, [Sagenext](#) has partnered with Intuit for reselling the QuickBooks editions to suitable business owners. We can better serve businesses & organizations with proven financial software solutions. The partnership gives us the ability to host exciting licensed copies of QuickBooks software for end-users as well as monthly leases for new products.

As a specialized hosting provider, Sagenext offers TaxWise, Drake Tax, Sage ERP, UltraTax CS, Lacerte Tax, ProSeries, and [QuickBooks hosting](#) services to customers in the US and UK. Things that keep us separate from the rest –

- 1) Award-winning QuickBooks & other application hosting provider
- 2) Intuit authorized reseller for QuickBooks Desktop
- 3) Enhanced security audit servers with end-to-end encryption

4) HPC (High-Performance Computing) Servers

5) Round-the-clock technical assistance over phone/mail/chat

6) Guaranteed service delivery within 2 hours and ZERO migration cost

Intuit has launched a formal reselling program for all its QuickBooks editions. The Sagenext partnership with Intuit will help businesses looking for smart accounting solutions!

For cost-efficient software like [QuickBooks Enterprise](#), the reseller margin is of secondary concern compared to billable hours, although getting some margin a couple-thousand dollar software sales is gravy, solutions providers say.

“As the authorized reseller partner of Intuit, we stand out from the crowd with a proven ability to sell, install, and support Intuit Small Business Solutions, including software licenses, hardware, and online service referrals” said Ned Adams, Operations Head in Sagenext.
