

Tarps Now® Announces Expansion of Industrial Fabric Offerings Supporting Key Customers

Company increases breadth and depth of product offerings supporting critical industries

ST. JOSEPH, MICHIGAN, UNITED STATES, April 16, 2021

/EINPresswire.com/ -- Tarps Now® is pleased to announce increased commitment to expanding the number of lines of industrial fabrics engineered to meet the needs of contractors, heavy industry, oil & gas pipelines, gas and electric utility companies, product manufacturers, fabrication specialists and warehousing operations.

The Company also notes specialty services delivered to Engineering, Procurement and Construction ("EPC") contractors throughout the North American construction marketplace. These EPC contractors are actively engaged in completing turn-key projects requiring accurate cost quotes, rapid order processing and product deliveries used to develop and construct a wide range of clean energy projects, multi-family community projects and healthcare facility projects now in progress.

In addition to the foregoing, the Company notes ongoing growth in retail customer demand focused largely on home repairs and renovations, largely owing to the high quality of product merchandising offered by the Company. Customers are offered a wide range of stock sized product offerings to meet a wide range of applications and needs. In addition, the Company offers its customers options for custom made tarp coverings that are made to customer specifications. Details on these offerings are as follows:
