The crypto industry has revolutionized and created huge opportunities for investors through financial inclusion and participation of the masses. A whole new world is being born out of the reinvention of the economic systems built on unprecedented technological advances. And the Company is already in play to reap the benefits for its investors.

Crypto Asset Rating Inc has been setting the perfect example of reinvention of the financial systems. Crypto Asset Rating has developed state-of-the-art products like Crypto Assets Rating Platform (CARP) and Tokenization asset platform (TAP) to revamp the financial market.

About Crypto Asset Rating:-

Crypto Asset Rating Inc is a FinTech company driven to plug the gaps in the crypto market and bridge the governance institutions with the existing and new thought leaders of the crypto industry.

©Crypto Asset Rating Inc, an Independent Structured Rating Agency, believes in solving key challenges of the FinTech Industry. Crypto Asset Rating Platform (CARP) comprehensively rates crypto assets for Institutional and Retail Clients. The Company developed a custom rating

algorithm to conduct an exhaustive multi-layered evaluation covering four distinct risk buckets—business, financial, legal, and technology.

Crypto Asset rating product network includes one of the transcendent and innovative products in the crypto industry -D

Tokenization Asset Platform (TAP) is a Software as a Service (SaaS) tokenization platform that offers the process of creating, issuing, managing, and converting an asset to digital securities. TAP does this by leveraging tokenization technology to fractionalize ownership of Equities, Bonds, Shares, and commercial/residential real estate. Issuers and private investors have early liquidity options through the issuance and tradability of asset-backed digital securities on the Tokenization Asset Platform.

<u>Crypto Business World</u> - The Company's quality content platform for all updates in the crypto market. It integrates in-house and external content to deliver subject matter across all platforms—news and articles, videos and podcasts, analysis reports, and press releases.

Keeping the FinTech world's prospects in the upcoming years, Crypto Asset Rating Inc has isolated planning to develop other fintech products and services like Crypto Index, Exchange rating, Sovereign rating, ETF rating: that procures revenue potential.
