

Will Proposed Government-Owned Broadband Benefit or Hurt Consumers and Taxpayers?

American Consumer Institute Releases Its Latest Public Policy Podcast

WASHINGTON, DC, UNITED STATES, April 20, 2021 /EINPresswire.com/ -- The [American Consumer Institute](#) (ACI) is excited to announce a new public policy-focused podcast series called [Policy-ish Talk](#), hosted by ACI's Director Dr. Kris Pusok.

In our latest episode, we sat down with Technology Policy Institute's Sarah Oh to discuss the empirical evidence behind municipal broadband and what it means for taxpayers.

“

In our latest episode, we sat down with Technology Policy Institute's Sarah Oh to discuss the empirical evidence behind municipal broadband and what it means for taxpayers.”

Krisztina Pusok

ACI's previous episodes of Policy-ish Talk include conversations with the following experts:

- Arun Sundararajan, Professor of Entrepreneurship at New York University's Stern School of Business to discuss the future of work in the sharing economy and social safety net;
- Jennifer Huddleston, the Director of Technology and Innovation Policy at the American Action Forum, who sat down to explain the role of the consumer welfare standard in the growing debate surrounding big tech;
- Liya Palagashvili, Senior Research Fellow at the Mercatus Center at George Mason University to talk about the PRO Act and how it would affect independent contractors; and
- Joshua Wright, former FTC Commissioner and law professor at George Mason University discussing the dangers of politicizing antitrust.

Each episode of the Policy-ish Talk will treat you to an in-depth conversation with policy experts, industry leaders, and top academics to explore today's toughest social, economic, and policy

questions.

You can listen and subscribe to all of the podcast's episodes on your [favorite podcast platform](#).
