The unique AD ART SHOW experience brings ART directly to people—transforming an advertising platform into a gallery space in the middle of a major NYC transit hub, iconic architectural achievement (the Oculus by Santiago Calatrava) and shopping destination, all while revolutionizing the route that leads artists from underground buzz to recognition. The show launched in 2018 at Sotheby's New York and moved to the all-digital platform at the Oculus in 2019. Now in its fourth year, AD ART SHOW continues to innovate and expand opportunities for artists.

The artists of AD ART SHOW have a background in advertising/design and related fields. They are following in the footsteps of famous artists like Andy Warhol, Rene Magritte, Keith Haring who also had a commercial practice. Historically some artists have made the leap, but the barriers persist; and AD ART SHOW throws the doors open for these talented artists with direct connections to the art world. Additionally, AD ART SHOW provides organizations with an Art platform to discover and celebrate their artists.

MvVO ART's —selection committee (<https://www.mvvoart.com/our-selection-committee>) who's who of contemporary art experts and globally recognized creative pioneers—vets all the artists included in the show. A jury of well-known Art collectors selects the show winners, with top honors including a Specialty Clio Award for Contemporary Art and a Creative Immersion Day at NBCUniversal. While most of New York's famous arts institutions are reopening with limited capacity and timed ticketing, AD ART SHOW at the Oculus at Westfield World Trade Center offers art lovers a spacious and FREE art destination, with shops and dining open Mon – Sat, 11:00am –
