

# Epic Bora Coin Giveaway Across MMOs Rappelz & Flyff

*Win big across both titles during Gala Lab's April festivities*

KATHLEEN, GA, UNITED STATES, April 23, 2021 /EINPresswire.com/ -- Get ready to win cash prizes worth \$60,000 in total, as developer Gala Lab alongside publisher Way2Bit announces that their Bora Coin giveaway in both [Rappelz](#) and [Flyff](#) is set to begin on April 7th.

Spanning North America and Europe (with localization for German and French), players will experience three concurrent events throughout April and will be able to spend their topped-up cash in either Flyff or Rappelz to purchase in-game items. Depending on the item tier, players get cash-back in cryptocurrency: Bora Coins.

Previous winners of similar events have profited heavily from the real-life increase in value of its cryptocurrency. A former 1st place winner selected Bora Coins as their reward, that prize value has since increased almost 13 times what they would have received as a cash equivalent. Their prize value increased from around \$1,300 to more than \$17,000 as of April 2021.

In Flyff, players will be able to collect 5 '2021 Easter egg' items and exchange them for a special 'Old Bora Ring'. By upgrading this 'Old Bora Ring', players will also be able to receive a new powerful PvP accessory. Once the event ends, players will be ranked based on the sum of the upgrade values from accessories will be ranked, giving the players the opportunity to obtain up to \$1,500 worth of additional Bora Coins.

For Rappelz, its taming event will see players receive a 'Pretty Bora Egg' item every time they tame a creature (with overall taming chances increased during the event). After the event ends, and similarly to Flyff, players will be ranked by the number of 'Pretty Bora Eggs' they have per region with the Top 10 rewarded with Bora Coins. For those who entered the event but didn't make the top spots, 10 people per region will receive \$5.00 USD worth of the Bora Coins.

Finally, April's Easter events will see Flyff players collect "Bora Eggs" for the Login and Homecoming event, as well as Rainbow Race rewards. Bora Eggs will drop from rare monsters and from the exchange of quest items. Similarly, the Top 10 players per region who obtain the most Bora Eggs will receive Bora Coins according to their tier.

These April-long events mark a significant opportunity for new and existing players to jump into

both games, take part in unique celebrations, and capitalize on the surge in cryptocurrency popularity.

For more details, players can head to Flyff orRappelz's official website, where they can download the PC clients for free.
