

2021 World Pediatrics Conference

Current Challenges in Delivering Pediatric and Neonatal Researches

BANGKOK, THAILAND, November 19, 2021 /EINPresswire.com/ -- Episirus Scientifica welcomes you to attend 2021 World Pediatrics Conference (2021WPC) to be held during November 19-20, 2021 at Bangkok, Thailand around the theme 'Current Challenges in Delivering Pediatric and Neonatal Researches' accredited with CPD credits which enable the professionals from worldwide to exchange their views on a wide variety of topics affecting child care and those suffering from pediatric diseases around the world. Since Genetic variance, developmental issues and Congenital defects are of a greater concern to pediatricians, we will be exploring more into these fields. This international meet (2021WPC) anticipates hundreds of participants including keynote speakers, Oral presentations by renowned speakers and poster presenters besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in

2021 WPC

Pediatric and Neonatal care. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world-class Pediatric and Medical Associations.
