

Registration Opens for SMi's Aseptic Processing Conference 2021

SMi reports: Registration is now open for SMi's Aseptic Processing Conference, which will convene in London on 20th and 21st September 2021.

LONDON, LONDON, UNITED KINGDOM, April 23, 2021

/EINPresswire.com/ -- SMi Group are proud to announce the inaugural conference on [Aseptic Processing](#) taking place in London, UK on the 20th and 21st September 2021 with a interactive workshop day on 22nd September 2021.

The [aseptic processing industry](#) has seen many changes during its progression towards the 21st century. With advances in innovative therapeutic manufacturing such as ATMPs, pragmatic barrier system applications, adaptability and modularity in fill finish, robotics and automation, small and agile product manufacturing, just to name a few.

With the industry, increasingly and rapidly changing and with the advent of innovative therapeutics taking hold, regulators and industry leaders are prompted to take proactive approaches to get treatments to patients faster. This years will [explore effective strategies and new regulations](#) for compliant pharmaceutical manufacturing in the world of aseptic processing and sterile manufacturing.

Interested parties can register at <http://www.asepticprocessing.co.uk/PR1> and save £200, if booked by May 28th.

Key Conference Highlights:

- Discuss the revisions and the impact of Annex 1 on aseptic manufacturing with AstraZeneca
- Listen to a field report on the implementation of a global contamination control program with Takeda
- Explore the applications of rapid micro methods in the manufacture of sterile products with

AbbVie

- Discover a Risk Based Approach to Cleaning and Disinfection with STERIS
- Delve into case studies of competence in global aseptic manufacturing with Fresenius Kabi
- Uncover the journey of Isolation Technology in a large Biotech pharmaceutical plant with Eli Lilly

There will also be a post-conference interactive workshop day on 22nd September 2021, led by James Drinkwater, Head of Aseptic Processing and Containment Special Interest Group, PHSS & Head of GMP Compliance, F Ziel GmbH and Kevin Jenkins, Consultant, Quality Excellence Consulting. The workshop is on "Contamination Control Measures in Good Manufacturing Practice (GMP) Applied to Aseptic processing".

The event brochure with the agenda and expert speaker line-up is now available to download from the website <http://www.asepticprocessing.co.uk/PR1>

Sponsored by: Innerspace, Solo Containment and Steris
