Southern Maryland Kitchen, Bath, Floors & Design provides complete interior design and remodeling services including flooring, plumbing and electrical fixtures for kitchens, bathrooms and any interior space including basements, closets, additions and more. The team even includes the region’s only certified Living in Place professional who can provide consulting for clients that need their home designed for comfort, safety and accessibility.

“We are a family of professionals looking to create ‘more than beautiful’ kitchens, bathrooms and spaces for our clients. We want our clients to be able to come to one

place to select all materials and provide the installation service needed for any interior project," says Obedoza. "While providing a selection unmatched by even the larger box stores, we are still small enough to provide a boutique experience for our clients."

Obedoza credits his team and their dedication with the company's successful customer service. Additionally, seamless communication and a transparent process thanks to the company's project management portal (Buildertrend) have also been key.

In addition to 12 consecutive Talk Awards, Southern Maryland Kitchen, Bath, Floors & Design has been rated year after year as one of the best contractors in the state and the country by Remodeling magazine and Qualified Remodelers magazine. The company has also gained a loyal customer following.

"Remodeling can be very difficult," says client Debbie Okoniewski. "We purchased a home that really needed a complete make over— kitchen, baths, entryway. Anthony took a challenging kitchen configuration and came up with an amazing solution. He is very analytical and at the same time an amazing designer. Anthony skillfully walks you through all your choices. It can be over whelming, but you don't even realize that you have picked out tile, flooring, cabinets, countertops for a whole house when he helps and guides you. We can't say enough about Anthony. He is very talented."

"We recently remodeled our kitchen and needed help with our finishes," says client Donna Young. "Southern Maryland Kitchen, Bath and Floors was terrific. From meeting with a designer, Anthony, to working with the project manager, Darryl, the process was exceptional. Very
