/EINPresswire.com/ -- This week, Gya Labs' collection of aromatherapy products, pure essential oils and other personal care products is getting a convenient update with the introduction of the new Gya Labs Aromatherapy Roll-Ons range. Launched in Spring 2021, the roll-on collection comprises two variants: Breathe Easy and Migraine Manager and is now available on the brand's website as well as the Amazon page.

The team at Gya Labs crafted the new Breathe Easy Roll-On to help ease nasal congestion resulting from colds and allergies, especially now in the springtime where seasonal pollen levels rise in the northern hemisphere. This all-natural blend of essential oils and carrier oils features refreshing peppermint, eucalyptus, lemon, laurel leaf and [tea tree oil](#) in a carrier oil which makes it safe for topical use when needed. Available in a handy 0.34 us fl oz (10ml) bottle, it fits easily in pockets, purses, bags and right on any busy person's work desk for relief within reach.

Meanwhile for those looking for a natural, plant-based relief for tension headaches and migraines, the Gya Labs Migraine Manager Roll-On is the ideal choice. The brand's current repertoire already includes several essential oils with headache-relieving properties, which were the inspiration behind this roll-on product.
