

Crypto Asset Rating Inc planning to launch its Legally Compliant Digital Securities for Non-US Investors

Crypto Asset Rating Inc, announced that they plan to launch legally compliant digital securities for Non-US investors on their Tokenization Asset Platform.

NEW YORK, UNITED STATES, June 3, 2021 /EINPresswire.com/ -- <u>Crypto</u> <u>Asset Rating Inc (CAR Inc)</u>, a US-based Fintech Company, announced this week that they plan to launch legally compliant digital securities for Non-US investors on their <u>Tokenization Asset</u> <u>Platform</u>. These digital securities will offer potential investors an exciting opportunity to invest in a FinTech startup, which is already revamping the financial market.

These Securities will be launched under exemption Regulation S of the U.S. Securities and Exchange

Commission. With Regulation S, only non-US investors will be able to invest in this offering. It gives non-US investors a chance to invest in a well-renowned FinTech company.

Crypto Asset Rating is represented by Benemerito Attorneys at Law for the security token offering. CAR Inc's Digital Securities will be issued on the Tokenization Asset Platform and will have 12 months lock. KYC verification is mandatory for each investor that includes Document Verification, PEP, and Sanction's verification to invest in the offering. Tokenization Asset Platform has partnered with Acuant for identity verification and eversign for document e-sign.

Today CAR Inc. is one of the prominent thought leaders in the Fintech Market. With innovative and pioneering products like Crypto Asset Rating Platform (CARP) and Tokenization Asset Platform (TAP), Crypto Asset Rating Inc has set the perfect example of reinvention of the financial system.

Crypto Asset Rating Inc strongly believes in financial inclusion and therefore is launching its own legally compliant digital securities and is paving a new way for common investors and giving them accessibility and affordability to a unique investment opportunity.

About Crypto Asset Rating Inc

Crypto Asset Rating Inc, driven to plug the gaps in the Fintech market and bridge the governance institutions with the existing and new thought leaders of the Fintech industry.

Crypto Asset Rating Inc believes in solving the FinTech Industry's key challenges. Our Independent Structured Rating Platform comprehensively rates crypto assets for Institutional and Retail Clients. The company developed a custom rating algorithm to conduct an exhaustive multi-layered evaluation covering four distinct risk buckets—Business, Financial, Legal, and Technology.

Our product network includes one of the transcendent and innovative products in the crypto industry -Tokenization Asset Platform (TAP) is a Software as a Service (SaaS) that offers the process of creating, issuing, managing, and converting an asset to digital securities. TAP does this by leveraging tokenization technology to fractionalize ownership of Equities, Bonds, Shares, and

Commercial/Residential Real Estate. Issuers and private investors have early liquidity options through the issuance and tradability of asset-backed digital securities on the Tokenization Asset

Platform.

<u>Crypto Business World</u> - The Company's quality content platform for all updates in the crypto market. It integrates in-house and external content to deliver subject matter across all platforms—news and articles, videos and podcasts, analysis reports, and press releases.

Keeping the FinTech world's prospects in the upcoming years, Crypto Asset Rating Inc has isolated planning to develop other fintech products and services like Crypto Index, Exchange rating, Sovereign Rating, ETF rating: that procures revenue potential.
