LAB COAT RENTAL AND LINEN SERVICE IN MASSACHUSETTS SENDS AN 'INSTANT MESSAGE' TO PATIENTS

An unexpected hospital visit can take an emotional toll on patients and loved ones. The COVID-19 pandemic has heightened fears about sanitation at hospitals and emergency rooms. If an attending physician arrives wearing a dirty lab coat, the patient's family is likely to be alarmed. A sparkling white, cleanly-pressed lab coat, on the other hand, conveys a reassuring message of cleanliness. With regular delivery of hygienically-cleaned lab coats, physicians have fresh garments at a moments' notice, sending a positive message to patients and their families. For these reasons, Crown Linen, a linen service in Massachusetts, has announced an informational update to the healthcare page.
