The Certificate in Risk Governance is awarded to those who have completed an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those

who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents.

"Sue is a board member of great accomplishment, but she is also a demonstrated innovator and entrepreneur," said David R. Koenig, President and CEO of The DCRO Institute. "Our focus on the governance of risk-taking by boards imbues directors with this sense of risk as both positive and necessary for value creation, and we're glad to have people like Sue in our elite group of graduates," he continued.

"From the very beginning, the focus of the program is on optimizing risk, realizing fully that risks can be opportunities," said Ms. Harnett.

The Certificate in Risk Governance program, also known as The Board Members' Course on Risk™, is unique. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists anywhere else. The fundamental Duty of Care for directors around risk is to ensure that our organizations are taking risk well in pursuit of our goals and ambitions. This

course furthers the fulfillment of that duty. Information about the Certificate in Risk Governance program is available for download.
