

Drane Ranger Now Offering Commercial Lint Trap Cleaning to Businesses in Houston

One of Houston's finest in grease and grip trap cleaning and maintenance is offering commercial lint trap cleaning services.

HOUSTON, TEXAS, UNITED STATES, April 30, 2021 /EINPresswire.com/ -- Representatives with [Drane Ranger](#) announced today that the company is now offering [commercial lint trap cleaning services](#) to laundries in Sugar Land, TX.

"We are excited to offer commercial lint trap cleaning services in Houston," said Jeb Woods, spokesperson for Drane Ranger.

"Drane Ranger will ensure your lint traps are properly emptied and maintained to protect your plumbing (which can shut down your business for days), and protect your business," highlighted Woods.

Wood went on to add, "Hotels, hospitals, uniform rental businesses, and laundry services all need their commercial lint traps cleaned out periodically. Clogged and dirty lint traps reduce the efficiency of your equipment and cost time and money in the long term."

"Just like grease trap cleaning, lint trap cleaning needs to be performed regularly to conform to local trap cleaning laws and we offer services for all of your trap needs, whether that's quarterly maintenance plans or regular disposal and cleaning," Woods said.

Woods went on to explain that Drane Ranger has the equipment and certified staff necessary to ensure that your lint traps are properly maintained.

"Everything we do is built on our commitment to doing the absolute best job possible," Woods said before adding, "That means exceeding your expectations while ensuring our team is trained, certified, and obeying the rules and regulations around the industry."

As to why anyone should give Drane Ranger's services a try, Woods pointed to the fact that its solutions are designed around the customers' convenience and needs. Rather than forcing customers into package deals that do not properly address their unique needs, the company provides customizable liquid waste solutions that ensure individuals receive what they need at a price the customer can afford.

As an accredited member of the Better Business Bureau, Woods said, Drane Ranger committed to providing the best experience for every single one of its clients. Drane Ranger's extended service area includes Houston, Pearland, Alvin, and Sugar land.
