then wrote the lyrics and melody to his music after his devastating death and during her time of deepest grief. Whilst living in Sydney's bohemian red light district of Kings Cross, they developed the sound of their music over a couple of years. Erick had also composed and produced music for various bands and soundtracks for Marvel Comics "Man Thing" and "Feed" directed by acclaimed Hollywood director, Brett Leonard ("Lawnmower Man" by Stephen King & Denzil Washington's "Virtuosity") before his sudden and unexpected death in August 2007. The music she co-wrote with Deeby has become the soundtrack for her films and also won numerous 'Best Original Soundtrack' awards worldwide.

“

Music has the power to transcend what the spoken word cannot articulate and creating Change the World has been a gift I will forever be grateful for. I am honored to win Best Original Music Score!”

A former Australian Supermodel, Angelena, comes from a musical family and grew up studying and playing her grandmother's piano in her bedroom. Her father was a bassist/guitarist and her mother sang in the Sydney Symphony Choir. Her great grandmother, Lily Bolden, was a singer and actress in the Royal D'Oyle Carte Theatre Company that toured South Africa in the late 1800s. It was there that she married a Director and had her grandfather before returning to Australia. She trained at the Australian College of Entertainment (formerly known as the "Johnny Young Talent School" where Dannii and Kylie Minogue were discovered) with many working actors and musical

theatre artists as her teachers. It was her passion and then at eighteen the modelling industry discovered her at a hair salon. Her first shoot appeared in Vogue Australia.
