

Trauma Fixation Devices And Equipment Industry Trends Include Strategic Partnerships And R&D Collaborations

The Business Research Company's Trauma Fixation Devices And Equipment Global Market Report 2021: COVID-19 Impact And Recovery To 2030

LONDON, GREATER LONDON, UK, May 5, 2021 /EINPresswire.com/ --

Undertaking of strategic partnership and collaboration is among recent trauma devices market analysis trends being followed by companies. This is due to the presence of a large number of vendors in the market. In order to

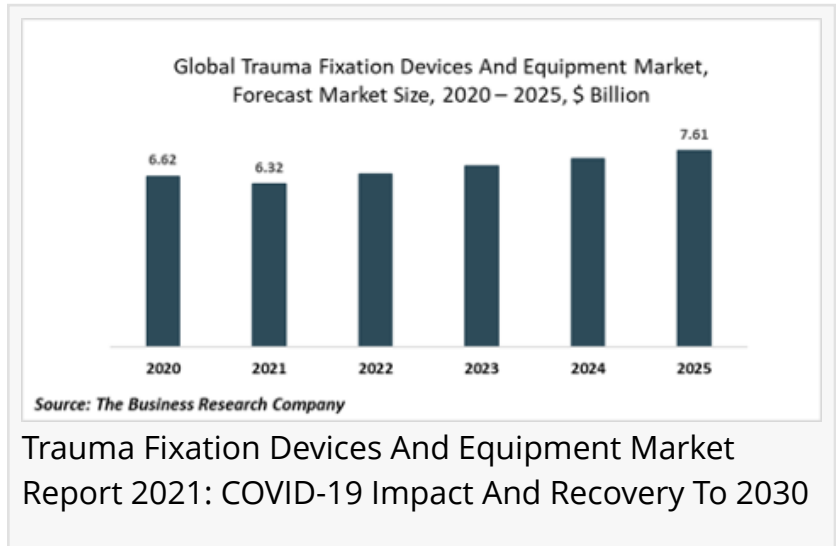

maintain the market share in the competitive market and to enter into the new geographies, companies are making strategic partnerships with companies and research institutes. For example, in December 2018, Medtronic in partnership with Shandong Weigao Group opened an R&D center to develop orthopedic technologies and devices for the local market which in turn helps Medtronic to expand their operations in China.

Major players in the [trauma fixation devices and equipment market](#) are Zimmer Biomet Holding Inc, Stryker Corporation, DePuy Synthes, Medtronic Plc, Smith & Nephew, B. Braun Melsungen AG, Medartis Holding AG, Arthrex Inc., Depuy Synthes (J&J), Medtronic PLC, Orthofix Holdings Inc., and Integra LifeSciences.
