"This acquisition is a part of the plan for HPIL to secure projects that are on the cutting edge that operate under the [Cybernetic](#) plan, where we look to the ever changing technology that is disrupting the way we function and as a company we will accelerate our approach to compete, said Stephen Brown CEO.

## Where the Human Element Meets the Futuristic Mind

The plan for the future of Cybernetic Technologies is one of scoping out such opportunities in the futuristic world that will capture the human element that can be then advanced by a futuristic mind where a philosophical movement is the proponent of which advocate and predict the enhancement of the human condition by developing and making widely available sophisticated technologies able to greatly enhance longevity, mood and cognitive abilities.
