“I’ve worked with a lot of production houses but now it’s time to work on my own YouTube channel,” he said.

“YouTube has given me official artist verification; how many do I get? From now on, I will publish all of my songs from my own verified YouTube channel “Mohammad Kawsar Ahmed ” and also put my songs on all other international platforms including Spotify, iTunes, Apple, Amazon, Tidal . And in the future, I will think everyone will publish their songs in this way, I started from now on.

And now the country’s epidemic situation, it is not possible to work outside the home. If you want to work in a production company, you have to go there. So I think at this time YouTube, Spotify and iTunes and all the streaming apps are the best media to publish songs at home.”
