

# What you believe is possible impacts your reality. Are you living in the reality you want?

Join thought leaders Dr. Bruce Lipton, Chris Deckker, Claudia Welss and Jennifer K. Hill for Saturday Night Alive on May 15th 2021 at 6pm PT

SAN FRANCISCO , CA, USA , May 11, 2021 /EINPresswire.com/ -- Do you believe that small clusters of humanity living in coherence can help shift the tide from a current of fear to one of love?

If yes, then how can we individually and collectively awaken, engage, and embody this capacity?

What we believe guides our attention and choices, our commitments and actions, and the quality of our presence and interactions. What we feed the field matters!

Each of our guests will share their thoughts on what they believe is possible and offer insights and experiences that empower us to actively participate in making this shift together now.

“

When a complex system is far from equilibrium, small islands of coherence in a sea of chaos have the capacity to shift the entire system to a higher order.”

*Ilya Prigogine, Nobel Laureate*

The poster features a central image of a globe with a blue and green color scheme. The text is white and blue. At the top, it says 'SATURDAY NIGHT ALIVE for the Global Peace Tribe' in large letters. Below that, it lists 'Music • Wisdom • Magic • Community • Connection'. A central banner reads 'Becoming an Island of Coherence & Pulsing the Planet with Love'. The date and time are 'Sat May 15, 2021 | 6-9 PM PDT'. The hosts are 'Debra Giusti, Scott Catamas & Teresa Collins'. At the bottom, there is a grid of 14 small portrait photos of the event's guests.
