

Alexander James Rodriguez Releases Summer Anthem 'California'

British singer-songwriter Alexander James Rodriguez releases a blue-sky and fun-packed California anthem

LOS ANGELES , CALIFORNIA , UNITED STATES , May 10, 2021

/EINPresswire.com/ -- Just in time for summer, [Alexander James Rodriguez](#) has released, '[California](#)', which was created from the 13-year old's perspective. The teen wrote the sun-drenched track based on his own experiences since spending time in Los Angeles, and is definitely set to dominate the summertime airwaves.

"Lyrically 'California' is all about my favorite things to do in Los Angeles, and the State of California, from my favorite Vans and skateboarding to surfing on Sundays," said Rodriguez. "I love to get outside and explore and have been so lucky to experience the drive from Venice Beach to San Francisco, with the breathtaking views of the Big Sur and smelling the salty air on the ferry to Alcatraz. I wanted this song to be a celebration of all things Cali. From star-spotting along the Hollywood Walk of Fame to its amazing outdoor adventures. This is how I see California."
