

PSOhub Announces Two-Way Project Management Integration with Salesforce CRM

AMSTERDAM, NEDERLAND, May 11, 2021 /EINPresswire.com/ -- <u>PSOhub</u> a leading PSA (professional services automation) software for small and medium-sized businesses announces a native, two-way integration with Salesforce CRM. The integration picks up where Salesforce left off, providing a full 360-degree project management experience.

two-way integration with Salesforce

"At PSOhub, our objective has always

been to break down silos and boost the efficiency of professional services organizations," says Martijn van der Hoeden, CEO at PSOhub. "The new integration [with Salesforce] provides unique visibility into sales and project management activity so that teams can work smarter together. Early 2020 we launched our <u>PSA software</u> solution specifically built for HubSpot users. However,

"

The new integration with Salesforce provides unique visibility into sales and project management activity so that teams can work smarter together." *Martijn van der Hoeden* SMBs using Salesforce asked us to create an integration for them too. I am extremely happy to offer an affordable solution for this user group."
