Inc., (ZE) a global leader in end-to-end data management and analytics technology, is proud to have won the Canadian Business Awards for Data Management Software of the Year for 2021. The expansive breadth of the [ZEMA™](#) platform allows ZE to maintain a track record of providing exceptional business support.

Created by Corporate Vision Magazine, the Canadian Business Awards aims to acknowledge and applaud the contribution of business owners that are doing a phenomenal job for the country's economy. The magazine runs a highly methodical process to select the nominees and winners for each category.

“

This award confirms ZE's role in the Canadian business environment and places us alongside other great Canadian firms”

Aiman El-Ramly, Chief Business Officer at ZE PowerGroup

Aiman El-Ramly, Chief Business Officer, ZE PowerGroup, stated, “We are thrilled to be awarded as the Data Management Software of the Year. It is truly an honor for us to be recognized in this specialized competitive field yet again. This award confirms ZE's role in the Canadian business environment and places us alongside other great Canadian firms. We attribute ZE's success to our incredible team who always go above and beyond to deliver world-class data management solutions to our valued clients.”

He further says, “The fact that we powered through the

challenges posed by the ongoing pandemic highlights that we are equipped with the right resources to continue to meet our clients' needs and maximize their returns on investments year

after year. We look forward to leading by example as a global data management and technology innovator.”

ZE PowerGroup continues to build state-of-the-art data technology and provide end-to-end data management solutions to clients across industries. They are grateful to receive this prestigious award and the [recognition](#) it brings.
