## About SASF:

The Southampton Animal Shelter Foundation is a 501 (c) 3 non-profit organization that relies on the generosity of their donors and volunteers to care for the homeless animals in its community, and to place them in loving “forever homes.” The number of animals in need of help is growing every day. The overpopulation of pets on Long Island is a major issue. Whether caring for strays found wandering the streets, rescuing neglected and abandoned animals, or saving dogs from the horrors of the puppy mill industry, the shelter is a safe haven for all animals and for some, a last resort. Without SASF, these animals would not be able to survive. The shelter provides a stepping stone for animals to find a loving home. It offers them housing, food, medical treatment, training, and rehabilitation when necessary.
