

# ASEE Chose Creatio as Its Low-Code Process Management and CRM Software Provider

---

BOSTON, MA, USA, May 17, 2021 /EINPresswire.com/ -- [Creatio](#), a global software company that provides a leading low-code platform for process management and CRM, today announced that Asseco SEE became its customer. The leading provider of IT solutions and services for banks and other industries launched a project with Creatio to replace a legacy CRM system with a cloud-based low-code enabled Creatio platform. Three-year agreement includes Creatio's sales and marketing modules.

ASEE opted for Creatio as its flexible low-code platform for process management and CRM met company's requirements. Creatio's offering is highly customizable, enables smooth transition to a cloud environment, ensures short time-to-market with its low-code tools.

"We are thrilled to partner with ASEE. Both companies are on a mission of contributing to organizations' success through offering outstanding products and services. We believe that with Creatio, ASEE will accelerate their digital transformation and be able to better engage with their employees, customers and partners," said Andie Dovgan, Chief Sales Officer, Global Markets at Creatio.

Implementation of the system is being carried out by Optingo.

"We are delighted to be an implementation partner for Creatio's low-code platform for process management and CRM at ASEE. It is amazing to witness how quickly the Creatio solution and agile implementation method is being accepted by the joint project team. We are looking forward for the successful project that will streamline sales and forecasting processes of ASEE Group," said Michał Krzycki, Partner at Optingo.
