

# Yours Truly Media Explains The 4 Ways To Get The Wedding Photos You'll Love

USA, May 14, 2021 /EINPresswire.com/ -- At [Yours Truly Media](#), their wedding photographers understand every aspect of each wedding event they're fortunate enough to be a part of — including the fact that this is your wedding.

Since they're not in charge of each wedding detail, they can only control the one portion of the event they are there for: Taking stunning wedding photos.

Below, Yours Truly Media breaks down the five ways to help capture the wedding photos couples will love for the rest of their lives together.

## 1. COMMUNICATE WITH YOUR WEDDING PHOTOGRAPHER

Partnering with a skilled wedding photographer should give you peace of mind. Especially after you express what is important about your relationship, including how you two met, how the proposal happened, and how your personalities work together, so Yours Truly Media can use their style to accurately tell your love story.

The more they know about each of you, separately and together, the more Yours Truly Media can capture the essence of your wedding journey, which will be reflected in the final wedding photography package.

You will also get the chance to have an engagement session with their photographers based on your package.

## 2. CREATE A SHOT LIST WITH YOUR WEDDING PHOTOGRAPHER

Yours Truly Media's Forever Couples have so much to think about when planning their weddings that YTM likes to throw one more detail their way, so they know YTM is prioritizing their needs. Outside of the ten essential wedding photos Yours Truly Media suggests everyone incorporate into their wedding portfolios, there are dozens more that are important to you. YTM wants to

capture them brilliantly.

Whether it is simply a one-off request to photograph all the kids together at some point, or a stylized approach to capturing important family members, Yours Truly Media want to help you create a shot list that will guarantee you get the wedding photos you will love for a lifetime.

### 3. BOOK YOUR WEDDING PHOTOGRAPHER FOR YOUR COMPLETE WEDDING EVENT

To get the wedding photos you want, you are going to need someone there to capture them throughout the entire wedding event.

Before, during, and after the wedding, from arrival to departure, Yours Truly Media wants to ensure they do not miss a single detail, so be sure to talk to your wedding photographer about time blocks and what they mean to your wedding.

Does the wedding photographer charge by the hour? What if your time is up, but the party isn't over? Will they leave? Learn all the timing details before signing a contract and be sure to book the wedding photographer for your complete wedding event, so no shot goes untaken.

### 4. LET LOOSE AND ENJOY YOUR WEDDING EVENT!

We know there are so many details that can go wrong on such a busy and important day, but there is also so much that can go perfectly.

Let Yours Truly Media capture it. Let Yours Truly Media capture you. The authentic, genuine you, by being yourself and enjoying your wedding event!

Don't worry. We know what is important. And we will ensure it is recorded brilliantly.
