ESCAPE FROM AREA 51 begins when a group of teenage conspiracy theorists try to raid the infamous military base, Area 51, in the Nevada desert. No one gets in - but someone gets out. Sheera (D’Errico), a sexy alien warrior, uses a power glitch to escape from captivity at Area 51. Her escape using a portal gun sets off an energy signature which attracts the attention of her arch-rival in space Sklarr (Browning). Sheera must now elude an Area 51 scientist, as well as Sklarr, to rescue her fellow warrior and find her way back to her planet.

“I have always been fascinated by the Sci-fi genre and Escape From Area 51 explores the possibility of an alien escaping from the top secret Nevada facility during an attempted raid by teen conspiracists.,” said Producer/Girls And Corpses Founder Robert Rhine. “We were very lucky

Escape From Area 51

to get actress Donna D'Errico (Baywatch) on board as our lead alien along with Frankie Sixx (D'Errico's daughter with famed Motley Crue rocker Nikki Sixx) in her first movie role. Fans will have a blast watching this fun sci-fi flick."
