

Conversational.com Changing Landscape of Business with Virtual Receptionist Answering Service

The company helps businesses to manage their telephone calls through two comprehensive options.

FREDERICKSBURG, VIRGINIA, UNITED STATES, May 17, 2021

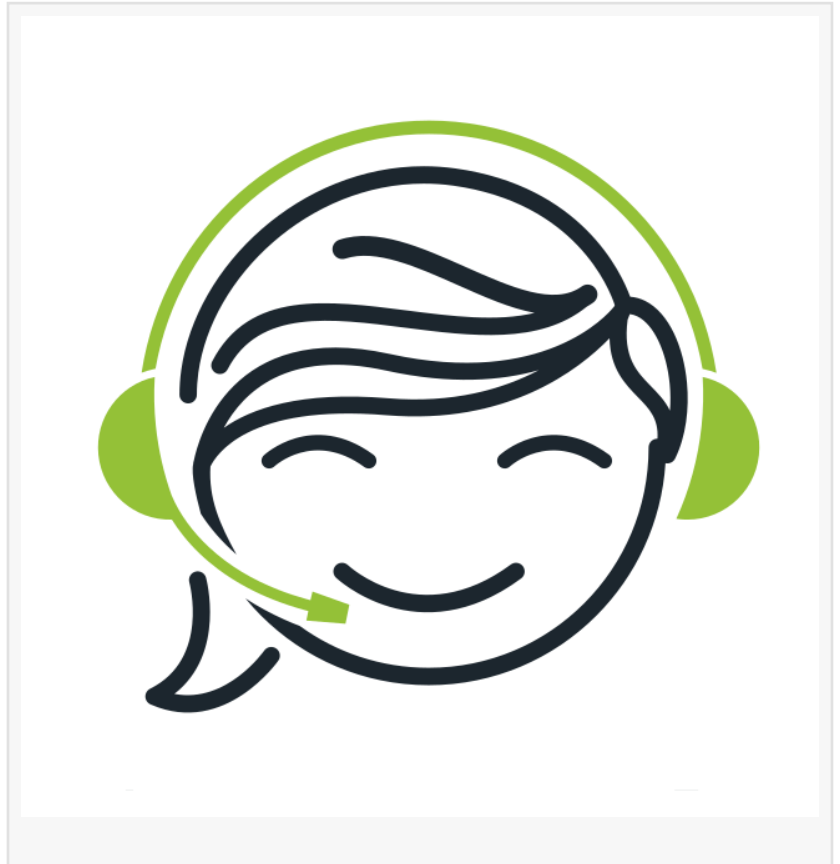

/EINPresswire.com/ -- A company with a long history in providing virtual receptionist services, [Conversational.com](https://www.conversational.com), is pleased to announce the release of a new and improved virtual receptionist and answering service.

Conversational.com provides entrepreneurs, small business owners, and large corporations with friendly, professional, and helpful virtual receptionist services. The company helps businesses by enabling them to

portray a professional image and to offer personalized support to their clients – all at a fraction of the cost of an in-house receptionist. Conversational is already being utilized by hundreds of businesses across North America, making it an industry leader in delivering [virtual reception services](#).

“At its core, the mission of our virtual receptionists is to provide each of our clients with the friendly, supportive, and professional voice of their business,” says President of Conversational.com, Tanya Lamont. “Our service is specifically designed to save businesses time and money, ultimately lowering overhead costs, such as receptionist salaries, renting office space, and paying for hardware. Additionally, our service helps to reduce the workload of our clients’ front-line support and to promote a stress-free work environment.”

Conversational.com offers clients two different services to choose from, including:

1. Live virtual receptionist and answering service

- Customizable options, such as live call answering, call routing, customized call handling, voicemail messages delivered by email, free local phone number, booking and appointment services, and more

2. Auto receptionist

- Auto attendant and voice menu system that enables callers to be transferred to a voicemail, external number, or an automated message without going through a live operator

Various packages are also available at different price points to suit any budget.

“No matter which option and package our clients choose, they can be rest assured their overhead costs will be reduced, they won’t miss any calls, and they can customize each service to meet their unique needs,” Lamont states. “Imagine providing your customers with exceptional customer service and coming into work to a calendar full of new client appointments. Let us help get you to a point where you don't have to worry about messages and phone calls any longer. Contact us today!”
