Like the Iranian people, the world is becoming a bit more familiar with the anti-human nature and conduct of the clerical regime and the IRGC.

Maryam Rajavi urged Canada, the European Union, and other countries worldwide to designate the IRGC as a

terrorist entity immediately.

The Ontario Court judgment noted that the IRGC “knew Flight PS 752 was a civilian airplane and purposefully shot it down with the intent to destroy it.”

Supreme Leader Ali Khamenei, Hassan Rouhani, other regime leaders, and IRGC commanders must be brought to justice for four decades of genocide, crimes against humanity, and war crimes.

The background of downing the Ukrainian Airlines flight PS752:

Nearly a year and a half ago on January 8, 2020, 176 passengers and crew on Ukraine International Airlines Flight PS752 lost their lives when their plane was shot down by two missiles launched by the Islamic Revolutionary Guards Corps (IRGC).

At the time of the downing of the airliner, the mullahs’ regime tried to cover it up by falsely claiming that the airliner had crashed because of engine failure, something which was easily proved to be untrue. It wasn’t until three days later when the regime was forced to admit that the IRGC's missiles had shot down the plane.

In fact, had the IRGC not fired the second missile 25 seconds after the first one, it may have been possible for the pilots to regain control of the plane and land it on the runway. However, the two missiles destroyed the plane and killed all those on board.

the never-ending grief of the victims’ families.

The lies came from the two leaders of the mullahs' regime, Supreme Leader Ali Khamenei and President Hassan Rouhani, who tried to claim that they had been unaware of what happened. This lie was exposed by IRGC Aerospace chief Amir Ali Hajizadeh, who admitted that he had informed the regime leaders of the error on the same day that it had happened.

The incident didn't go unnoticed in Iran. The flight was on the way to Canada carrying a mix of people including Iranian nationals. Family members of the deceased and many other protesters took to the streets demanding that the regime leaders be accountable for the shooting down of the airliner. As in previous protests, the familiar slogan of "Death to the Dictator," could be heard.
