

# Blue Raven Solar wins the Utah Best of State award for solar technology in 2021 for a fourth consecutive year

*Blue Raven Solar was acknowledged for having the best solar technology in Utah in 2021 by the Utah Best of State Awards*

OREM, UTAH, UNITED STATES, May 26, 2021 /EINPresswire.com/ -- Blue Raven Solar was

We began with one goal in mind – to provide homeowners across America with a simple and affordable way to get the best solar technology,”

*Ben Peterson, CEO*

acknowledged for having the best solar technology in Utah in 2021 by the Utah Best of State Awards. Since 2018, this is the fourth consecutive year that the company has received this award.

The Best of State Awards were created in Utah to recognize individuals, organizations and businesses that surpass expectations in their fields. The hope is that by recognizing excellence, other organizations will feel a push to work harder and smarter for their goals. Blue Raven Solar is

honored to receive this award and lead by their example of efficiency, professionalism, and consumer trust.

“We began with one goal in mind – to provide homeowners across America with a simple and affordable way to get the best solar technology,” Ben Peterson, CEO said. “The company continues to grow and change people’s lives for the better every day.”

Blue Raven Solar provides solar technology to homeowners across America to help them save money on utilities and produce energy in a clean, efficient way. The company has gone from three to almost 1500 team members across the nation and become a top solar company in the U.S. over its seven years of operation.

The criteria used to judge Best of State nominees are achievement in the field of endeavor, innovation or creativity in approaches, techniques, methods, or processes, and contribution to the quality of life in Utah.
