WARSAW, MASOVIAN, POLAND, May 25, 2021 /EINPresswire.com/ -- Fireart Studio received a prestigious Clutch's Award as one of the Top App Developers in Poland for 2021. Throughout the year, Clutch highlights the highest-ranking B2B companies across industries and locations. The Clutch Leader Awards recognize companies' commitment to building their expertise, providing stellar customer service, and producing high-quality results for clients. Clutch uses a special methodology that evaluates companies on their industry expertise and ability to deliver. So, companies on the list of leaders meet Clutch's methodology standards of excellence and can be trusted by potential B2B buyers to excel at new projects.

In May 2021, Clutch conducted new research and revealed the top 100 app development companies in Poland. Fireart Studio, a boutique design and software development house headquartered in Warsaw, was named to this list. Over the years, the company has been ranking among the best app developers on Clutch. This year, Fireart Studio confirmed its expertise and high proficiency, once again being recognized as one of the app development industry leaders for 2021.

ABOUT CLUTCH

Clutch is an independent platform that cuts through disorganized market research by collecting client feedback and analyzing industry data, arming businesses with the insights and analysis they need to connect and tackle challenges with confidence. Based on the data gathered, the service formulates a fair rating of all the firms. Clutch categorizes companies by their geographic location, a field of their expertise, and the focus on proven skills. The platform allows entrepreneurs that look for B2B services to read unbiased reviews conducted by Clutch analysts, see how businesses and solutions compare in a specific market, and discover industry trends and insights from thought leaders.
