“

UiPath is an excellent global partner on our journey to bring our clients cutting edge innovation that will help increase efficiency and accelerate their digital transformation success.”

Evren Ozkaya

UiPath has the vision to deliver "a robot for every person",

one where companies enable every employee to use, create, and benefit from the transformative power of automation to liberate the boundless potential of people. Only UiPath offers an end-to-end platform for hyperautomation, combining the leading RPA solution with a full suite of capabilities, including process mining that enables every organization to scale digital business operations at unprecedented speed.

SCW helps customers with the licensing of UiPath products, and in the RPA Implementation with their own licenses. SCW also offers Center of Excellence services to customers with all required infrastructure. With this service, RPA Implementation phases and maintenance will be managed by Supply Chain Wizard, so that customers will focus only on their core businesses and benefit from the "Robot-as-a-Service model".

Evren Ozkaya, Founder & CEO of Supply Chain Wizard, commented, "I am thrilled to announce our partnership with UiPath, the world's leading enterprise Robotic Process Automation (RPA) platform. As Supply Chain Wizard continues to grow its portfolio of manufacturing clients in the field of digital supply chain and digital factory, we are uncovering many opportunities to leverage hyperautomation to eliminate waste and boost productivity. UiPath is an excellent global partner on our journey to bring our clients cutting edge innovation that will help increase efficiency and accelerate their digital transformation success."

Evren also commented that "With this opportunity, we also congratulate UiPath's recent Initial Public Offering (IPO), which is an important milestone in their successful journey to transform the world of enterprise automation."
