

Akopyan Law Firm, A.P.C. Protects Employees' Rights to Paid Sick Time in LA County

One of Burbank's premier law firms provides legal help to employees who have been denied paid sick time by their employers.

BURBANK, CALIFORNIA, UNITED STATES, May 28, 2021 /EINPresswire.com/ -- Representatives of the Akopyan Law Firm, A.P.C. based in Burbank, California, announced today that the law firm fights on behalf of workers and protects their right to [paid sick time off in LA County](#) and elsewhere in Southern California.

"We stand ready to fight for employees who have been denied paid sick time off by their employers," said [Michael Akopyan](#), founder and partner at the Akopyan Law Firm. Akopyan went on to add that "California's Healthy Workplaces, Healthy Families Act of 2014 requires most employers to provide eligible employees with at least 24 paid hours or three paid sick days per year, whichever is greater."

"Paid sick days" means "time that is compensated at the same wage as the employee normally earns during regular work hours" and is provided to the employee for the following purposes of diagnosis, care or treatment of an existing health condition, or preventive care, for an employee or an employee's family member; and to allow employees who are victims of domestic violence, sexual assault or stalking to obtain relief (i.e., restraining orders), to obtain services or to seek medical and psychological attention.

"If you are in the Los Angeles area and believe that your paid sick leave rights were violated by your employer, call one of our attorneys to discuss your specific situation" said Akopyan. "Our employment attorneys have substantial experience representing employees and can help you restore your rights."
