

AZ INDEPENDENT PHARMACIES APPLAUD SENATOR NANCY BARTO AND THE AZ STATE LEGISLATURE FOR ENDING UNNECESSARY PHARMACY FEES

Arizona Joins 22 Other States Ending the Pharmacy Benefit Manager Practice of Charging Pharmacies "Transaction Fees" When Submitting Reimbursement Claims

PHOENIX, ARIZONA, UNITED STATES, June 1, 2021 /EINPresswire.com/ -- The Arizona Independent Pharmacy Coalition (AIPC) applauds Senator Nancy Barto, the Arizona state legislature, and Governor Doug Ducey for the passage of [SB1356](#), which will now prevent pharmacy benefit managers (PBMs) from charging pharmacies a "transaction fee" each and every time the pharmacy submits a claim for reimbursement or otherwise interfaces with the PBM. Fees can range from 25 cents to as much as \$2 per claim, which adds up to thousands of dollars a month that pharmacies must pay PBMs in order to be reimbursed by patient insurance.

Senator Nancy Barto (R-15) sponsored SB 1356, which was signed into law late last month by Governor Doug Ducey and will become effective 90 days after sine die, the official end of the state's 2021 legislative session.

"We appreciate Senator Barto and the Legislature for sending a clear message that unfair business practices will not be tolerated in our state," said Teresa Dickenson, a pharmacist and Phoenix-area pharmacy owner. "We are fortunate to live and work in a state that cares about keeping the playing field fair and level so that businesses can compete in the spirit of the free market."

Similar to [legislation passed in multiple other states](#), SB 1356 will prohibit PBMs from charging pharmacies for regular business interactions including submitting claims for reimbursement, appealing a denied claim, checking a patient's drug cost-share, using the PBM's help desk, and more. American Pharmacies (APRx) and Pharmacists United for Truth & Transparency (PUTT) actively supported the bill including testifying at legislative hearings.

"This is a not-insignificant step toward restoring equity between Arizona healthcare providers and insurers," said Monique Whitney, AIPC co-chair and founder. "We're grateful to Senator Barto and our state leaders for their willingness to stand up for and help strengthen the viability

of all Arizona pharmacies, which played a critical role during the pandemic and continue to provide medications, vaccinations, and other vital services to Arizonans.

Arizona Independent Pharmacy Coalition (AIPC) advocates on behalf of independent community pharmacies and their patients to choose how and where they will receive their medication. For more information visit AZIPRx.org.

American Pharmacies (APRx) is a member-owned purchasing cooperative for independent pharmacies that is based in Corpus, Christi, TX. APRx has 700+ members in 36 states and is the fastest-growing independent pharmacy purchasing group in the nation. American Pharmacies and its affiliated advocacy groups have passed more than 15 pro-pharmacy bills in four states over the past 10 years.

Pharmacists United for Truth and Transparency (PUTT) monitors PBM and other industry practices in the interest of improving the quality, safety, and cost of patient care. To learn more about PUTT, visit TruthRx.org.
