

Eternal Insurance Agency is now offering health, life, and annuity Florida insurance plans

The added products will offer more protection for the individual or family.

BOCA RATON, FLORIDA, UNITED STATES, June 6, 2021

/EINPresswire.com/ -- The agency was started in 2018 by John and Pressilla, who wanted to provide good Medicare policies for many customers.

Since its start, [Eternal Insurance Agency](#) has been providing Medicare

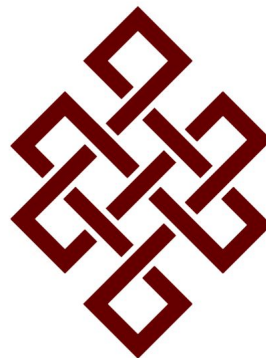

coverage. But now, they have expanded to include more services for those who live in Florida.

Having [health insurance](#) is important because it helps lower medical bills. When people reach age 65, most people will go onto Medicare to get their healthcare needs instead.

“

Can you imagine a world without the fear of sickness? That's what I do day in and day out. As an insurance agent, it is my job to make sure families never have to worry about healthcare again.”

There are two main benefits to whole life insurance. One of them is the death benefit that provides money for family members if someone dies. The other benefit is a cash value that builds up interest over time in an account.

Annuity insurance is an investment tool that pays money over a period of time. It will grow in interest while you are waiting for it. Then the funds are often used during retirement. We are offering fixed indexed annuity insurance.

"We had many conversations with our clients. We realized that they desired more than economic protection for themselves. They wanted to know that their entire family was safe and cared for if anything were ever to happen in the future." John Ramsey, President, Eternal Insurance Agency
