*Graduates Can Organize, Protect, and Power Their Gaming Gear with Mobile Edge*

ANAHEIM, CA, UNITED STATES, June 3, 2021 /EINPresswire.com/ -- With U.S. employers expected to hire 7.2% more college graduates from the Class of 2021 compared to 2020 levels, and roughly 3.8 million High School graduates either heading to college in September or entering the labor force this summer, millions of young people are on the move looking to start careers or extend their schooling. [Mobile Edge](#) applauds their nose-to-the-grindstone work ethic while we also recognize graduates need time to play, too. For Generation Z and Millennials, that means videogaming, which continues to surge in popularity.
