

VisualMED continues working to close its agreement with Rennova Health, Inc.

VisualMED Clinical Solutions Corp. still working to close its agreement with Rennova Health, Inc.

RENO, NEVADA, UNITED STATES, June 3, 2021 /EINPresswire.com/ -- VisualMED Clinical Solutions Corp. (The "Company") (PINKSHEETS: VMCS) announces that it is still working to close the agreement it had entered into with Rennova Health, Inc. of West Palm Beach, Florida (OTC RNVA) for the acquisition of Rennova's medical software and genetic testing interpretation divisions, Health Technology Solutions, Inc. (HTS) and Advanced Molecular Services Group, Inc., (AMSG) and their subsidiaries.

As part of the agreement VisualMED was required to complete any outstanding filings necessary to be fully compliant with OTC reporting requirements before closing. VisualMED is reliant on OTC Market Group and their timing to process the application the company had made on signing the agreement. VisualMED expects this process to be complete in the immediate future and will facilitate the closing of the agreement as soon as practical thereafter.

Once the agreement has closed VisualMED intends to complete a name change and file audited financial statements and other filings as required to become fully reporting with the SEC

About VisualMED Clinical Solutions

VisualMED, a clinical information company, owns a portfolio of valuable intellectual property. The company and its partners' university affiliates are world leaders in Artificial Intelligence which help support our process to create intelligent applications for home use. Patients will be able to monitor serious health and medical issues, helping to reduce medical errors and negligence that put millions of patients in harm's way every year in North America.

FORWARD-LOOKING STATEMENTS: Except for historical information provided herein, this press release may contain information and statements of a forward-looking nature concerning the future performance of the Company. These statements are based on suppositions and uncertainties as well as on management's best possible evaluation of future events. Such factors may include, without excluding other considerations, fluctuations in quarterly results, evolution in customer demand for the Company's products and services, the impact of price pressures exerted by competitors, and general market trends or economic changes. As a result, readers are advised that actual results may differ from expected results.
