The Texas Veterans Commission (TVC), created in 1927 as the State Service Office to assist veterans of the Indian wars, Spanish-American War and World War I, acts as the state appointed advocate of Texas veterans as they attempt to secure the benefits rightfully earned in exchange for their service in our nation's armed forces. Since the creation, the mission of the Texas Veterans Commission has been to advocate for and provide superior service to veterans that will significantly improve the quality of life for all Texas veterans, their families, and survivors.

"Our partnership with NVBDC will help inform veterans about the benefits of certification and elevate their businesses to the next level of success."

outreach, and referral services VEP consultants ensure veteran entrepreneurs and small business owners have access to the information, education, and tools they need to thrive.

The TVC provides quality service through eight program areas: Claims Representation and Counseling, Veterans Employment Services, Veterans Education, Veteran Entrepreneur Program, Health Care Advocacy, Veterans Mental Health Program, Women Veterans Program, and the Fund for Veterans' Assistance. Through a dedicated, professional, and well-trained workforce they connect with all veterans across the state, and tailor its service to meet their needs and the needs of their families and survivors. They take the lead in coordinating efforts between their eight programs and with federal, state, and local governmental offices and private organizations that provide services and assistance to veterans. Through these program areas, the TVC ensures that each veteran receives every benefit that they deserve. As a veteran works with their counselors in their multiple programs, the quality of life for that veteran and their family significantly increases.

Today, Texas is leading the country by making sure each veteran is represented and cared for. The people of Texas have sent a clear message that the sacrifices made by veterans and their families are deeply appreciated, and that there is an agency that will stand by them and take care of them: the Texas Veterans Commission.
