COLUMBUS, USA, June 9, 2021 /EINPresswire.com/ -- The DCRO Institute, a global non-profit focused on the advanced development of current and prospective board members, announced today the award of the prestigious [Certificate in Risk Governance](#) to Sanchit Maini of Singapore.

Sanchit's achievement demonstrates our program's global relevance and applicability across industries, and his leadership in the insurance sector in Asia grows through his work to complete our program"

*David R. Koenig, President and CEO of The DCRO Institute*

Sanchit serves as the Chief Financial and Operational Risk Officer for Prudential Corporation Asia and is the first actuary globally to have received this distinction. In his previous work, he held roles with Aviva serving as Asia Head of Products and Actuarial and Max Life Insurance Company Limited, serving as Chief Actuary and Chief Risk Officer. He holds the CERA designation in enterprise risk management and is a Fellow of the Institute of Actuaries of Australia, India, and Singapore.

"Sanchit's completion of our program demonstrates its global relevance and applicability across industries," said David R. Koenig, President and CEO of the DCRO Institute. "His leadership in the insurance sector in Asia grows through his dedication and work to complete our program, and we look forward to the positive impact he already has made to be even greater now," he continued.

The Certificate in Risk Governance is awarded to those who have completed an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents.

“The program brings together global experts in the field of risk management,” said Mr. Maini. “I found the practical lessons they shared across the wide spectrum of risk governance insightful, and many aspects that can be applied in daily work,” he continued.

The Certificate in Risk Governance program, also known as [The Board Members’ Course on Risk™](#), is unique. No course on risk for board members [as robust as this](#) - depth, practicality, and global expertise - exists anywhere else. The fundamental Duty of Care for directors around risk is to ensure that our organizations are taking risk well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty. Information about the Certificate in Risk Governance program is available for download.
