

Are You On MeChat? 10 Reasons Your Business Will Switch from WhatsApp and GroupMe in 2021

The best office away from office. The best way to run a business online. The best messenger in 2021.

ATLANTA, GA, UNITED STATES, June 10, 2021 /EINPresswire.com/ -- The cryptocurrency [Family Coins \(AJFF\)](#) today announced the launch of [MeChat](#), a FinTech Messenger that helps busy clients simplify the day to day operations of doing business so that they can focus on innovation and leading.

MeChat is easy to use and user-friendly and gives clients the control to manage and organize multiple businesses, many clients, and several projects all on one platform without the need for additional resources or infrastructure like a brick-and-mortar store to manage and organize it all.

MeChat automates business checklists and processes, like a business-in-a-box, streamlining such tools as financial services, inventory systems, pipelines, client management solutions, and payment processing.

"Entrepreneurship can feel like you're alone and overwhelming with so many hats that leaders have to wear. The journey causes so many to quit before they start, or start

and find the journey too challenging to continue. MeChat helps the little guys who are determined to do big things - be able to do big things by simplifying the business stuff. MeChat gives the hustlers, gig workers, and self employed of Main Street billion dollar offices without the need for billion dollar office budgets.", stated Antonio James, Sr. Designer of MeChat, on the importance of MeChat. For gig workers such as entrepreneurs, freelancers, and independent contractors, moving operations online is expected to reach \$455.2 billion by 2023, according to [Statista](#). Also MeChat is a favorite among designers, temporary workers, service-based businesses, new owners, and talent agencies as clients can leverage the power of MeChat's user base to instantly work together.

With legacy competitors such as HoneyBook and Upwork, MeChat differentiates itself by focusing on contactless solutions that are scalable across company hierarchies and verticals by

using online News Desks like a “business-in-a-box” that gives clients the ability to manage and stay informed on every aspect of their project or business without leaving the box. Additionally, clients can create as many boxes, or News Desks as they want.

Each News Desk offers a combination of contactless tools that clients use to stay digitally competitive such as QR codes, news feeds, automated invoicing, and contactless payment systems that let's clients add the payment feature

on their own business's website and social media profile.

Clients can even sell products in person or online and directly from their News Desk by setting up an online MeChat Store. As an incentive, MeChat store owners keep 92% of the earnings and can add their MeChat Store directly on their own website or social media profiles.

For long term growth, MeChat offers corporate clients a customizable product catalogue to upgrade their News Desk with enterprise-grade software systems like Learning Management

Systems (LMS), Virtual Classrooms, Contactless table ordering, and over 30+ tailored-made News Desk add ons.

In summary, as an all-in-one solution MeChat offers clients a better way to streamline work and growth, while balancing work and life.
