

Founded by Law Enforcement, Silbar Security Sets a New Standard in Private Security as They Expand to Richmond

Just in Time for National Security Month, Silbar Security Announces the Launch of Their Newest Location in Richmond

RICHMOND, VIRGINIA, USA, June 11, 2021 /EINPresswire.com/ -- The world has changed dramatically in the past two decades. Gone are the days of children blissfully playing in the neighborhood unsupervised, boarding a flight without a care in the world, or even feeling safe at school, work, or in our own homes. The rise of the digital renaissance and the ever-present turmoil from social and political differences has changed the way the world views safety and personal security. While safety is not likely something to be compromised, few are equipped with the skills or resources to feel truly safe. Just in time for National Security Month, [Silbar Security](#), the nation's leader in elite private security services, is proud to announce the opening of its newest location in Richmond, Virginia.
